February 16, 2021

To whom it may concern,

Please accept this letter as formal authorization for use of the Broward County 700 MHz Trunked Radio System by all fire rescue and ambulance units which operate within Broward County. As an emergency services provider, requiring use of the Broward County 700 MHz public safety communications system, NPSPAC 700MHz and 800MHz conventional frequencies, and State of Florida MEDCOM UHF frequencies, all fire rescue and ambulance units which operate within Broward County are hereby authorized to operate as mobile and portable units under call sign WQYB999, WQYD844, WRDZ767, WRDT997, and WRDV221.

Please note that the system may be used only for purposes of public safety related communications. All transmissions must conform to applicable FCC regulations and local operating protocols, as governed by Broward County Regional Emergency Services and Communications.

This notice of concurrence is authorized on a perpetual basis until there is a change in the requesting agency's operating status.

Sincerely,

A handwritten signature in blue ink that reads "José M. De Zayas".

José M. De Zayas
Regional Emergency Services and Communications
Communications Technology Division – Radio Section
E911 Communications Administrator
